Declaration Under 37 C.F.R. § 1.132

I, Jerry D. Glickson, Ph.D., the undersigned, declare the following:

- I am a co-inventor of the invention described in one or more of the claims of the above-captioned application;
- 2. That Hui Li, Juan Chen, Min Zhang, Zhihong Zhang, David Benaron, Britton Chance, Jerry Glickson, and Gang Zheng, were co-authors on the following publication: "NIR Optical Probes Targeting Glucose Transporters," SPIE Photonic West Meeting, January 24, 2004 ("the Li publication");
- 3. That the following co-authors of the Li publication made no inventive contribution to the invention claimed in the above-captioned application: Hui Li, Juan Chen, Min Zhang, Zhihong Zhang, and David Benaron. Rather, co-authors: Hui Li, Juan Chen, Min Zhang, and Zhihong Zhang, carried out experiments, and David Benaron carried out imaging services, under the direction and control of one or more of the co-inventors of the above-captioned application, and were properly not named as co-inventors of the present invention; and

4. I further declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further, that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
